

BRAINTREE PUBLIC SCHOOLS

IKFB: GRADUATION CEREMONY

Students who have completed all requirements for graduation listed in Policy Section IKF are eligible to participate in graduation exercises, including students who have been determined to have met the requirements identified in their Individual Education Program (IEP) by the IEP Team.

At the annual graduation ceremony, members of the Braintree School Committee will present diplomas to the graduation class.

If a member of the Braintree School Committee has a family member graduating, that school committee member may present the diploma to that graduating senior. Former members of the Braintree School Committee, who have family members graduating, may be permitted to present the diploma to the graduating senior with permission from the Superintendent of Schools. Permission will generally be granted as long as the diploma presentation does not disrupt the general flow of the ceremony.

Adopted by School Committee 5/7/2018
